

Beloved One

[Denise Rosier](#)

Here I am, use me now
Do Your will, speak Your word
Touch the weak, heal the world
I am love, I am love

All alone I have known
Iâ€™m the branch Youâ€™re the tree
Thereâ€™s no want, thereâ€™s no need
Intertwined, heart and soul aligned
I know You by name

Beloved One
Nothing will ever come between us
You are all Iâ€™ve ever known
Youâ€™re the lover of my soul
Holy One
How you fill my every thought
Everything in me is You
Everything in me is True, Beloved One (repeat Chorus last time thru)

You lift me up and I let go
There is no fear where I stand
Holy ground is where I am
Look what Youâ€™ve made, strong and brave
You call me by name
