

Mountain of Love (Re-Recorded)

[David Houston](#)

Got a mountain of love for the girl in the valley
Got an ocean of dreams for the girl in the valley
Someday I will marry the girl in the valley
Cause this mountain boy holds a world full of joy
For the girl in the valley She's a sweet little thing that lives by the spring in the valley
Every day she goes by with her head held up high like a high steppin' Philly
I tried every thing even bought her a ring she won't wear it
She said she loves me but she's not yet quite ready to marry. Got a mountain
