

# All I Can Do (feat. Silver)

## Bad Royale

Only I was left till morning  
All I think about is how I can't replace you  
I didn't heed your thousand warnings  
There's only foolishness I can escape toI, I, I stepped away  
I, I, I stepped awayCalled you when I saw you leavin'  
I didn't want it, believe me when I say that  
I could show you how I'm feelin'  
You're the one mistake that I wish I could play backI, I, I stepped away  
I, I, I stepped awayAll I can do since that boy left with you is  
I'm survivin', yeah I'm survivin'All I can do since that boy left with you is  
I'm survivin', yeah I'm survivin'Slowly now the sun is rising  
Where I stood and watched you dive beneath the waves, yeah  
Till it falls to the horizon  
I've been dreaming 'bout the promises I gave youI, I, I stepped away  
Why, why, why, such a wasteAll I can do since that boy left with you is  
I'm survivin', yeah I'm survivin'All I can do since that boy left with you is  
I'm survivin', yeah I'm survivin'
