

# Contradictive (feat. DJ Muggs)

## Tricky

Look who do I have to have and why  
A city's child  
Real mode- you have to talk about it  
An old pro- still we're 'bout it, 'bout it  
Don't frown about it  
It's best you keep quiet  
You could never lead a riot  
Money don't make you a leader  
A leader usually reads  
Go read a book  
He shaked then he shook  
"I need that crack, I need that crack"  
You're swingin' the pipe  
Do what you like  
Goin' "doom doom"  
Reflect on the room  
Reflect on your life  
Go stab yourself with a knife Reflect on your life  
Time isn't real  
How much time  
Can you kill? Reflect on your life  
Time isn't real  
How much time  
Can you kill? Vengeance isn't mine  
It taught to hate from time  
Time isn't real  
How much time can you kill?  
Luca Brazzi  
He sleeps with the fishes  
Fuck sugar and spice  
And girls with deadly kisses  
Purr like a cat  
Raising towers  
I go over her house  
For the most  
I got diamonds on suits  
A girl's erased diamonds with new shoes  
Remember Hollywood  
You could finally make deals

Screamin', "Nigger you can get these!"  
Stereotypical  
Almost mythical  
Like Mickey Mouse  
I'll blow down your house  
Blow up your whole image  
Hardcore musicians with image Love You're silver screen  
You're a hardcore lovin' machine  
You play hardcore with me  
And sooner or later we'll see Reflect on your life  
Time isn't real  
How much time  
Can you kill? Reflect on your life  
Time isn't real  
How much time  
Can you kill? Reflect on your life  
Time isn't real  
How much time  
Can you kill? Reflect on your life  
Time isn't real  
How much time  
Can you kill? Reflect on your life  
Time isn't real  
How much time  
Can you kill? Reflect on your life  
Time isn't real  
How much time  
Can you kill?
