

# Halo of Flies

## Impaled Nazarene

Welcome to your Hell  
Where all fears are reality  
Paranoia strikes hard

Harder, beyond your wildest dreamsHalo of Flies Over my Head

I am decaying Satan's Wrath  
The to walk planet earth alone

Spreading disease, death and warSchizobound of total hell

Spitting forth hate of Satan's Reich  
Alone on this infernal task

To plague this world with Satan's Sluts' bloodHalo of Flies Over My Head

I am decaying Satan's Wrath  
The one to walk planet earth alone  
Spreading disease, death and war
