The night is deep and Iâ€™m thinking about you.
Thinking about the times that weâ€™ve been through.
I really love you, you know that I care.
If I ever needed someone, you were always there.

But itâ€™s so wrong. When you're feelings are strong.
But youâ€™re all alone. All Alone. Iâ€™m all alone. All alone

Then we split up and when our separate ways,
I would trade all of my tomorrows, back into yesterdays
You went your way and I went mine,
But it seems like baby, I was the only one left behind

But itâ€™s so wrong. When you're feelings are strong.
But youâ€™re all alone. All Alone. Iâ€™m all alone. All alone
