

# Happy And I Know It

Kat Dahlia

"Does everyone need an audition to get with you?"  
"You ain't gotta go through all that shit"  
"Then I choose you" One two,  
When I step in the room  
I bring the dynamite, tic-tic kaboom  
Paperizer  
Turn up the tune  
Ima float you up  
Then Ima pop that balloon Raise your lighters  
Turn my mic up  
Tear the nights up  
Make your move  
I'm the savior  
I got the flavor  
My shit's major  
It's what I do We be popping in the grassy yard  
Breathe it in and baby blow it  
If you're happy and you know it  
2 a.m and we ain't even start  
The tree's got money on it  
If you're happy, baby, blow it If you're happy and you know it  
Raise your hands  
Bring it to your lips and breathe that air  
If you're happy and you know it  
Raise your hands  
Bring it to your lips and breathe that air One, two,  
You know the sounds so new  
I got that trees  
I'm so fondu  
Shake your cooler, baby  
Show that tattoo  
If he shouting he a baller tell him wopty fucking doo Raise your lighters  
Turn my mic up  
Tear the nights up  
Make your move  
I'm the savior  
I got the flavor  
My shit's major  
It's what I do We be popping in the grassy yard

Breathe it and baby blow it  
If you're happy and you know it  
2 a.m and we ain't even start  
The tree's got money on it  
If you're happy, baby, blow itIf you're happy and you know it  
Raise your hands  
Bring it to your lips and breathe that air  
If you're happy and you know it  
Raise your hands  
Bring it to your lips and breathe that air  
If you're happy and you know it  
Raise your hands  
Bring it to your lips and breathe that air  
If you're happy and you know it  
Raise your hands  
Bring it to your lips and breathe that airRaise your lighters  
Raise your lighters  
Tear the nights up  
I'ma start the fire  
Raise your lighters  
Tear the nights up  
Turn my mic up  
I'ma start the fire  
Raise your lighters  
Raise your lighters  
Tear the nights up  
I'ma start the fire  
Raise your lighters  
Tear the nights up  
Turn my mic up  
I'ma start my fireIf you're happy and you know it raise your hands  
Bring it to your lips and breathe that air  
If you're happy and you know it raise your hands  
Bring it to your lips and breathe that air  
If you're happy and you know it raise your hands  
Bring it to your lips and breathe that air  
If you're happy and you know it raise your hands  
Bring it to your lips and breathe that air
