

# With my own two hands

**Jack Johnson & Ben Harper**

I can change the world  
With my own two hands  
    Make it a better place  
With my own two hands  
    Make it a kinder place  
With my own two handsWith my own  
With my own two handsI can make peace on earth  
    With my own two hands  
    I can clean up the earth  
    With my own two hands  
    I can reach out to you  
    With my own two hands  
        With my own  
    With my own two hands  
        With my own  
With my own two handsI'm gonna make it a brighter place  
    With my own two hands  
    I'm gonna make it a safer place  
        With my own two hands  
    I'm gonna help the human race  
With my own two handsWith my own  
    With my own two hands  
        With my own  
    With my own two hands  
        I can hold you  
    In my own two hands  
        I can comfort you  
    With my own two hands  
        But you've got to use  
Use your own two handsUse your own  
    Use your own two hands  
        Use your own  
    Use your own two handsWith our own  
        With our own two hands  
        With our own  
    Our own two hands  
        With my own  
    With my own two hands
