

# Attica State

## John Lennon

What a waste of human power  
What a waste of human lives  
Shoot the prisoners in the towers  
Forty-three poor widowed wives Attica state, attica state  
We're all mates with attica state Media blames it on the prisoners  
But the prisoners did not kill  
"Rockefeller pulled the trigger"  
That is what the people feel Attica state, attica state  
We're all mates with attica state Free the prisoners, jail the judges  
Free all prisoners everywhere  
All they want is truth and justice  
All they need is love and care Attica state, attica state  
We're all mates with attica state They all live in suffocation  
Let's not watch them die in sorrow  
Now's the time for revolution  
Give them all a chance to grow Attica state, attica state  
We're all mates with attica state Come together join the movement  
Take a stand for human rights  
Fear and hatred clouds our judgment  
Free us all from endless night Attica state, attica state  
We're all mates with attica state Attica state, attica state  
We all live in attica state Attica state, attica state  
Attica, attica, attica state
