

Who's Gonna Stop Me?!

Paperplane Pursuit

Who's pretty? Who's the man?
Who cares it's not my thing
Grew up listening to my daddy's jams so
Pop was the Beatles Found Freddie, Michael and
Homeboys from my local scene,
And I started dreaming one day I'd make
Pop for the people Who's gonna stop me
Who's gonna stop me
Can't nobody make me give it up
Cos you know I'm never gonna stop.[Chorus]
They said, they said, you're not gonna make it
Look at me now, Can't hold me down
Face it, face it, you're not gonna break me
Can't stop me now, can't bring me down
Said it, I said it
Who's gonna stop me?! No money? Why pretend?
Your bling don't mean a thing.
Trying to act all flash on your daddy's cash like
Pop stars on Vevo Fake buddies, phony friends
I tell it like it is
Ain't nobody got time for fakin' like the
Popular people Who's gonna stop me
Who's gonna stop me
I don't wanna shake shake shake it off
Nah I'm gonna shake shake shake the room, Boom[Chorus] All talk no fight
All bark no bite
Your words don't mean a thing
Won't waste no time
Won't pay no mind to
Popular people
