

# The Year Of Purification

## Manic Street Preachers

Detoxification, purification  
The ravaged corner  
Cold and Run away, run away  
As fast as you can  
From anything that needs discipline The year of purification, purification Deification, depopulation  
Crescendo of craving  
Sullen and distorted Run away, run away  
As fast as you can  
From anything that needs discipline The year of purification  
The year of purification, purification What have I said?  
What have I said again?  
I regret everything Moral little shit kickers  
Liberal asinine pricks Run away, run away  
As fast as you can  
From anything that needs discipline The year of purification  
The year of purification, purification
