Rebecca

Robin Gibb

In my mind, talk about Rebecca
Suddenly, so fine
In my mind, visions of Rebecca
Suddenly, she's mineAll night, seems she put a spell on me
Oh yeah
All night, gonna be the death of me
I'll go out and get herRebecca, you're dreaming out loud
Rebecca, you got your head in the clouds
You're saving yourself for someone
(Rebecca)Hanging on tight, waiting for Rebecca
Dancing in the dark
Satin and lace, she's so fine in leather
Creature (creature) from the starsSo wrong, gonna meet Rebecca now
Oh yeah
So wrong, gonna be the death of me
I'll go out and get herRebecca, you're dreaming out loud
Rebecca, you got your head in the clouds (all right)
You're saving yourself for someone
(Rebecca)Rebecca, you're running away
Rebecca, you can't face today (all right)
'Cause you only live for the night
(Rebecca)You're always running aroundOh, talk about Rebecca's eyes
Everything you fantasize
Well, she'll drag you down to earth
She's the devil in disguise
Break you down to sizeRebecca, you're dreaming out loud
Rebecca, you got your head in the clouds (all right)
You're saving yourself for someone
(Rebecca)Oh-oh-oh
Rebecca, you're running away
Rebecca, you can't face today (all right)
'Cause you only live for the night
(Rebecca)Oh-oh-oh
Rebecca, you're dreaming out loud
Rebecca, you got your head in the clouds (all right)
You're saving yourself for someone
