

Punch Drunk

Orange Juice

I can feel this power awake
This punch drunk heart just will not break
And I will jump or crawl or creep
No difference high or steepAnd I can feel the black lies fly
They're in my sleep, they're in my eyes
I hate this head these feet and hands
I'm tired of being a manLoad me up with something to give me Chinese eyes
Beneath the crazy paving I fear the next surprise
Now I can't wait or hesitate
Just one slip and it's too late
And I won't make that old mistake
Cause you can't fool with fateAnd I will push this punch drunk heart
Down many roads until we part
This punch drunk heart just will not break
Not while this power's awake
Load me up with something to give me Chinese eyes
Beneath the crazy paving I fear the next surprise
Let's go to the basement, but careful on the stair
For one eternal instant the web of fate may tear
