

# Back For A Taste Of Your Love

## Foghat

Here I come, comin' for a taste of your love  
Here I come, 'cause I like what you're doin' to me  
Little by little, bit by bit  
I'm fallin' in love all over again  
Here I come, just like I did before  
Here I come, love this time I'm sure  
It takes two to make it  
And I know I can't take it again  
Here I come, comin' for a taste of your love  
Here I come, just like I did before  
What you did, you just came down on me  
You got the lock but, baby, I hold the key  
Little by little, bit by bit  
I'm fallin' in love all over again  
Comin' for a taste of your love  
Comin' for a taste of your love  
Comin' for a taste of your love  
Comin' for a taste of your love  
I'm comin' for a taste of your love  
Comin' for a taste of your love  
Comin' for a taste of your love  
Comin' for a taste of your love  
Comin' for a taste of your love  
Comin' for a taste of your love  
Sweet, sweet taste of your love  
Comin' for a taste of your love  
Sweet, sweet taste of your love  
Comin', comin'  
Comin' for a taste of your love  
Comin', comin'  
Comin' for a taste of your love
