

# For What It's Worth (feat. Deni Gauthier)

## Rose Cora Perry

V1: I miss the sound of your voice, your kiss, and embrace  
Your touch, and your laugh - your everything  
Why make me want you when you won't let yourself be true?

V2: I miss seeing your number come up on my phone  
Getting done up when I know we'll be alone  
Why do you hurt me when you know that I'm perfect for you?

Chorus: And you've spent your whole life searching  
For what was right in front of you  
And you've spent your whole life waiting  
Just for me to be with you  
Yet you turned away  
Said you couldn't stay  
Said you couldn't love me in that way  
Yet you've spent your whole life chasing haven't you?

V3: I miss the look on your face when you try hard to resist  
The desire you feel, when I'm with you, you're in bliss  
Why do you fight it when you know what's between us is real?

V4: I miss your cute loving side that you won't share with the rest  
your crazy addictions are things I've never forgot  
Why did you come back when you knew you'd be leaving so soon?

Bridge: Yes I'd give you everything  
I'd give you anything  
I'd give you everything  
But I gotta watch myself, I've gotta love myself, and take care  
Cause I don't know how I could possibly hold you without shaking  
No I'm not aware of how I could possibly love you without aching  
Baby, this is the last honest love I'll ever give  
Baby, this is the last honest love you'll ever live  
(Overlay: Haven't you? Haven't you? Haven't you?)

V5: I miss your cute little words and how you know me so well  
I can't hide a thing because you see through it all  
Why build my trust just to walk out on me?

V6: I miss the good and the bad, when you think that I'm mad

And you run for cover 'cause you know you've made me sad  
Why hold on just to let me fade away? fade away?

Finale Chorus:

(Overlay: Yes I'd give you everything

I'd give you anything

I'd give you everything

But I gotta watch myself, I've gotta love myself, and take care  
Cause I don't know how I could possibly hold you without shaking  
No I'm not aware of how I could possibly love you without aching  
Baby, this is the last honest love I'll ever give)
