Angels Fly (Live Version)

Reamonn

She saw the world through her smile
She held your hand, you knew it'd be all right
She spoke of places she'd never been
Now is the time, she'd say, to live the dreamAnd she told us how she could fly
And she said, no need for goodbyes
For we'd see her there in the skies
Where angels fly, angels flyShe stayed a while that summers day
Spoke through a smile of how she'd go away
I saw in her eyes her pain
She took my hand and said, it'd be okayNow she's soaring up through the sky
And she takes us all in her flight
And she told us the reasons why
Angels fly, angels flySome summer days, I can see her smile
In so many ways she's still alive
And the love that she gave, I keep down inside
I'm keeping it safe 'til I learn to flyAnd she's soaring up through the sky
And she takes us all in her flight
And I feel she is still alive
Where angels fly, angels flyAnd she told us how she could fly
And she said, no need for goodbyes
For we'd see her there in the sky
Where angels fly, angels fly
Angels fly, my sweet angel flies
