

# She Was a Teenage Zombie

## Murderdolls

She was a teenage zombie  
She was a teenage corpse  
She was a teenage zombie

Drop dead gorgeous that's for sure  
Don't know what I'm feeling or what I should say  
On how my life changed, the day I stumbled on her grave  
Not a necrophiliac, I guess I was bored

Her love just spend my time, with a fresh embalmed corpse of course  
She was a teenage zombie  
She was a teenage corpse  
She was a teenage zombie

Drop dead gorgeous that's for sure  
I took her to the movies and I took her to the park  
I took her in the back seat and that's where she stole my heart  
And then I walked her home from our postmortem date

She took me by the hand and we danced upon her grave  
She was a teenage zombie  
She was a teenage corpse  
She was a teenage zombie

Drop dead gorgeous that's for sure  
SOLO!!  
She was a teenage zombie  
She was a teenage corpse  
She was a teenage zombie  
Drop dead gorgeous that's for sure
