Better ride you in tune to the sounds
Of the dance floor giants, 69
And we come to make you dance
And I brought my dogs wit me, check it outHold up, wait a minute
Y'all dance, who think I'm pretty?
Loud man breakin' your town
Were the force to make ya get downKnow and a bigger mess in your plans
It beats nothing so I dance
69 mic on the ground, breakin' it down
Wantin' more timeBut this time, it's for my dogs
South, North, all y'all
There's more little things in life to get hot
What about the one's in your whatThose that don't like huh?
'Cuz me and my dogs are rightin' to get cool in it
Then I cut and chit chat
