

# Golden

## Parade of Lights

Hey!  
We gonna shake the ground tonight,  
I loose myself under the lights, oh  
I put my hands up to the sky,  
I feel it come aliveEverybody get golden  
Everybody get golden, and put your hands up to the sky  
Everybody get golden, just for tonight  
Everybody get golden, so we can go until we shineNow it's as good as it can get,  
Silver heels and silhouettes, oh  
You press your hands against my chest,  
This isn't over yetEverybody get golden  
Everybody get golden, and put your hands up to the sky  
Everybody get golden, just for tonight  
Everybody get golden, so we can go until we shineJust for tonight,  
And put your hands up to the sky,  
Just for tonight,  
So we can go until we shineEverybody get golden  
Everybody get golden, and put your hands up to the sky  
Everybody get golden, just for tonight  
Everybody get golden, so we can go until we shine  
oooohh (until we come alive)  
So we can until we shine  
ooooh (I feel it come alive)  
So we can until we shine
