Big Dick

NoMeansNo

Like a monkey in a zoo,
you're half gorilla too
When you pound it with your fist
and make it real stiff
Big Dick
Gotta cover your mistakes
your bloody out-takes
So you dip it in the wine
and make a holy sign
Big Dick
Big Dick! Come quick
Big Dick! Come quick
Well, you're running up a tree
you're trying not to scream
then you're pounding on your chest
like you whipped the best
Big Dick
The rivers of the blood
you've spilled have turned to mud
Now the flies are buzzin' round
don't they make a loud sound
Big Dick
Big Dick! Come quick
Big Dick! Come quick
It won't be long
till those bad bits are gone
It won't be long till those bad bits are gone
Now we're sitting by the fire but Daddy's getting tired
'Cause he drank the whole crock
now he's got a limp cock
Big Dick
Big Dick! Come quick
Big Dick! Come quick
