

# Big Dick

## NoMeansNo

Like a monkey in a zoo,  
you're half gorilla too  
When you pound it with your fist  
and make it real stiff  
    Big Dick  
Gotta cover your mistakes  
    your bloody out-takes  
So you dip it in the wine  
and make a holy sign  
    Big Dick  
Big Dick! Come quick  
    Big Dick! Come quick  
Well, you're running up a tree  
    you're trying not to scream  
then you're pounding on your chest  
    like you whipped the best  
    Big Dick  
The rivers of the blood  
you've spilled have turned to mud  
Now the flies are buzzin' round  
    don't they make a loud sound  
    Big Dick  
Big Dick! Come quick  
    Big Dick! Come quick  
    It won't be long  
    till those bad bits are gone  
It won't be long till those bad bits are gone  
Now we're sitting by the fire but Daddy's getting tired  
    'Cause he drank the whole crock  
    now he's got a limp cock  
    Big Dick  
    Big Dick! Come quick  
    Big Dick! Come quick
