

# Shallow Grave

## Annihilator

{ Yeah!  
Hey you  
Check this one out } I've really got some vices  
The way you spread your disease  
All the lyin' and deceivin'  
Look what you're doin' to me  
(Doin' to me) I'm down in the gutter  
I think I'm goin' insane  
The next step I'm takin'  
I'll be headed for a shallow grave Just forget about the money  
'Cause my addiction is for free  
You're pullin' me in every direction  
Why can't you see?  
(Can't you see?) I'm down in the gutter  
I think I'm goin' insane  
The next step I'm takin'  
I'll be headed for a shallow grave  
(Headed for a shallow grave) I'm down in the gutter  
And I'm goin' insane  
The next step I'm takin'  
I'll be headed for a shallow grave  
(Headed for a shallow grave) { Alright  
I got somethin' to say, bitch } A high steppin' high rollin'  
C'mon and roll the dice  
You think you're not comin' with me  
You better think twice, whoa! I'm down in the gutter  
An' I think I'm goin' insane  
The next step I'm takin'  
I'll be headed for a shallow grave  
(Headed for a shallow grave) So get down in the gutter  
So get down in the pain  
The next step we're takin'  
We'll be headed for a shallow grave  
(Headed for a shallow grave)  
Ooh!
