

I'll Give All My Love To You

Keith Sweat

Baby, baby, baby
My, my, my, my baby
I love you, baby
Yes, I do I love you in the night
I wanna take it real slow, baby
I understand what you told me
And if I, I didnt know I always wanted someone just like you
I really need to hold on, hold you
Id give the world baby, to you, my darlin
You know I will I will never do anything to hurt you
Ill give all my love to you
And if you need me, baby, Ill come runnin
Only to you And why dont we just lay down
And hold each other real close, real close
Cause I, I dont wanna rush you, baby, no
If time is what you need the most I always wanted to love, love you
You can make all my dreams come true
And I want to love you, oh, my darlin
You know I do, this love is waitin' over you I will never do anything to hurt you
Ill give all my love to you
And if you need me, baby, Ill come runnin
Only to you Girl, lets make love tonight Sometimes, I get a little lonely, baby
And I need a little love that I can call all mine
Girl, you are the one for me, babe
I know that you are the world for me, babe I will never do anything to hurt you
Ill give all my love to you
And if you need me, baby, Ill come runnin
Only to you
