

# When I Was Broke

## Future

Yeah  
She ain't leave when I was broke  
I used to sit at the trap all day and wait for a phone call  
She ain't leave when I was broke  
Juugin and finessin'  
She ain't leave when I was broke  
YeahI had to climb out the sewers  
Know you looked down but I know where I'm goin'  
Hold me down  
Don't ruin my confidence, don't you do it  
Sometimes I try to be there for you  
And my plan, it don't go like I want it  
Watch me roll this dope, watch me  
Hit the trap and load this gun, watch meShe ain't leave when I was broke  
She ain't leave when I was broke  
(She ain't leave when I was broke)  
One thing that she didn't do  
She ain't leave when I was broke  
(She ain't leave)  
I don't ever tell her what I go through  
But how she act, I know she won't  
I can see you was givin' up  
And that's what killed me the mostCame out the sewer, it's stankin'  
Go in the booth and I'm blankin'  
Slept with my tool on the blanket  
Like I'm the son of Michael  
All of these haters, they're gettin' spiteful  
They see my heart has been damaged  
You see the whip Panoramic  
You see I made it, you witnessed progression  
I was talkin' like I knew I was destined  
I'm a boss and I won't ever regret it  
Whether you like it, you gotta admit it  
Then I change up your location  
Then I pull up in that Wraith  
Have I fulfilled all your dreams?  
I gave you checks  
So you're checkin' it off on your wish list  
You get Ferraris right now

We doin' Cali right now  
I had to do it I had to climb out the sewers  
Know you looked down but I know where I'm goin'  
Hold me down  
Don't ruin my confidence, don't you do it  
Sometimes I try to be there for you  
And my plan, it don't go like I want it  
Watch me roll this dope, watch me  
Hit the trap and load this gun, watch me She ain't leave when I was broke  
She ain't leave when I was broke  
(She ain't leave when I was broke)  
One thing that she didn't do  
She ain't leave when I was broke  
(She ain't leave)  
I don't ever tell her what I go through  
But how she act, I know she won't  
I can see you was givin' up  
And that's what killed me the most We goin' shoppin' right now  
I see they're coppin' right now  
I see they're watchin' right now  
They didn't know I was just plottin' right now  
I've been executin' the play for a while  
Witnessed trappin', baby walk down the aisle  
I got a few rings on me now  
Had to change my team and my style  
You can't intervene on my craft  
You better turn your back right now  
Ain't no turnin' back right now  
I can't let you cramp my style  
If you ain't blink then you lookin' like an owl  
Starin' right back 'cause you lookin' like cow  
You gettin' no sniff, sleepin' with the flowers  
She understand everything I go through  
Gutta nigga always I had to climb out the sewers  
Know you looked down but I know where I'm goin'  
Hold me down  
Don't ruin my confidence, don't you do it  
Sometimes I try to be there for you  
And my plan, it don't go like I want it  
Watch me roll this dope, watch me  
Hit the trap and load this gun, watch me She ain't leave when I was broke  
She ain't leave when I was broke  
(She ain't leave when I was broke)  
One thing that she didn't do  
She ain't leave when I was broke

(She ain't leave)  
I don't ever tell her what I go through  
But how she act, I know she won't  
I can see you was givin' up  
And that's what killed me the most One thing that she didn't do  
She ain't leave when I was broke  
She ain't leave when I was broke  
She ain't leave when I was broke  
One thing that she didn't do  
She ain't leave when I was broke
