Utah

Smoke or Fire

Consider this a picture perfect sweet sorrow.
When you've never been wrong before.
Never been wrong before.
As much as you wait, time wont wait for you.
As much as you wait, i wont wait for you.
Let me fight.
Let me fight.
Let me fight and pull away from you.
You're always right

Time won't wait for you.
You're always right.
Let me fight.
You're always right.
Let me fight.
You're always right.
Let me fight and pull away from you.
Though I said, I would try for you.
This time tonight.
I wont die
