

# Crawling With Idiot

## Elbow

It's crawling with idiots  
I'm itchin' to leave  
I'm soft with fatigue, I need somethin'  
I've never seen anything quite like you  
In hereCome on, it's not serious  
I just need arms tonightYou're blue collar pride  
And you're loose cotton cool  
You're wiltin' a little  
Nothing grows down here  
Chrome smoke heat me and youCome on, it's not serious  
I just need arms tonightTonight, tonight  
Tonight, tonight  
Tonight, just tonight  
Tonight, tonight  
Tonight, just tonight  
Tonight
