

Focus

Brandy

Should anybody ask for me
Tell 'em I'll be right back
In a real short time
It's just that I lost my mind
Gotta find it Who want's to hop on my train of thought
I'll get back here, pronto
To collect myself
There's really nothing you can do to help Everytime I see you
(Everytime)
I'm reminded of everytime we did it
(Yea yea)
All those other women
(Yea yea)
Everytime you lied to me
Said you only had eyes for me
(Had eyes for me)
Eyes for me
I don't wanna Don't wanna lose my focus
But it's bound to leave
Everytime you come runnin' into me
You come runnin', runnin'
All we use to be
Shouldn't even matter to me
I don't wanna lose my focus
But it's bound to leave
(Oh yea yea)
Everytime you come runnin' into me
All we use to be
Shouldn't even matter to me
(Don't wanna lose my focus) Well it's to late now
'Cause I'm reminded
I wanna put it behind
But I'm behind it
Lord knows I'm tired
As much as I'd love to join you
On planet earth right now
Know that I'm too hurt
Right now to be civilized
I need this time alone

'Cause it won't be long
Everytime I see you
(Everytime I see you)
I'm reminded of everytime we did it
All those other women
Everytime you lied to me
Said you only had eyes for me
Eyes for me
I don't wanna
Don't wanna lose my focus
But it's bound to leave
Everytime you come runnin' into me
(Ohh)

All we use to be
Shouldn't even matter to me
(Doesn't even matter)
I don't wanna lose my focus
But it's bound to leave
Everytime you come runnin' into me
(Baby baby)

All we use to be
Shouldn't even matter to me
(Don't wanna lose my focus)
Ooh I'll be back
Lost my way
Got off track
Please try to understand
I use to love you man
Ooh I'll be back
(I'll be back)
Lost my way
(Way)
Got off track
Please try to understand
(Understand)
I use to love you man
(I can know this)
Don't wanna lose my focus
But it's bound to leave
(Ohh)

Everytime you come runnin' into me
(You come runnin' into me)
All we use to be
(Ohh)
Shouldn't even matter to me
(Shouldn't even matter)
I don't wanna lose my focus
(Ohh)
But it's bound to leave
(Bound to leave yea yea)

Everytime you come runnin' into me
All we use to be
Shouldn't even matter to me
Don't wanna lose my focus
But it's bound to leave
Everytime you come runnin' into me
All we use to be
Shouldn't even matter to me
I don't wanna lose my focus
But it's bound to leave
Everytime you come runnin' into me
All we use to be
Shouldn't even matter to me
(Don't wanna lose my focus)
