

# The Hill

Travis Greene

The Hill... Hill... Hill

Sin around me  
Pain is in me  
Stress is on me  
But I gotta keep looking up

Tears are streaming  
Heart is beating  
Others leaving  
But I gotta keep looking up

Some will trust in horses and chariots  
But I will look to the hills and I will not fear  
Some may say that they found another way  
But my eyes are on you and I will not move from...  
The Hill... Hill... Hill

Trouble has found me  
Pressure is crowding  
People doubting  
But I gotta keep looking up

Ground is shaking  
Walls are breaking  
And my heart is racing  
But I gotta keep looking up

Some will trust in horses and chariots  
But I will look to the hills and I will not fear  
Some may say that they found another way  
But my heart's on you and I will not move from...  
The Hill...

Some may trust in horses and chariots  
But I will look to the hills and I will not fear  
Some may say that they found another way  
But my eyes are on you and I will not move

On the hill there's a cross

On the cross there is blood for me for me

Thank you for your blood Jesus  
Thank you for you the blood  
For you washed away my sins  
Nothing but the blood

Oh Precious  
Oh precious is that blood on the hill

On the hill thereâ€™s a cross  
On the cross there is blood for me...for me

Still have the power  
Wonderful power  
To heal our diseases  
To cover our weakness

Still have the power  
Wonderful power  
To heal our diseases  
To cover our weakness

Still have the power  
Wonderful power  
To heal our diseases  
To cover our weakness

On the hill thereâ€™s a cross on the cross there is blood for me

The cross donâ€™t discriminate  
The cross donâ€™t discriminate  
The cross donâ€™t discriminate no..  
Thereâ€™s blood for you  
Thereâ€™s blood for you too
