

# We All Got to Help Each Other

Kenny Rogers

We all got to help each other if we're gonna get by  
We all got to help each other if we're gonna get by See the child out on the street  
Ragged clothes and just bare feet  
We got to help him if we can You see his momma, she's all alone  
Can't get by cause her daddy's gone  
We got to help her if we can We all got to help each other if we're gonna get by  
We all got to help each other if we're gonna get by See the man walking down the road  
Burden down with a heavy load  
We got to help him if we can Look so tired and he's all alone  
Got no place he can call his home  
We got to help him if we can We all got to help each other if we're gonna get by  
We all got to help each other if we're gonna get by See the women, she's dressed in black  
Son went to war but he didn't come back  
We got to help her if we can They send him off to war and they send him to die  
Said he had to go but they wouldn't say why  
We got to help him if we can We all got to help each other if we're gonna get by  
We all got to help each other if we're gonna get by We got to help each other if we're gonna get by  
We got to help each other if we're gonna get by  
We got to help each other if we're gonna get by
