

Supermodel Sandwich W/Cheese

Terence Trent D'Arby

Dig it Dress up to your thigh you wear it very high
You walk by in a pig's eye
I'm a guy so I sigh
But you ain't shy
Besta besta best of all, you're bi bi bi Flame fame flame fame flame fame flame
Supermodel sandwich can I join your game?
Flame fame flame fame flame fame flame
Supermodel sandwich w/cheese I think I'm in love
I think I want to fall in love with you
'Cause I'm an idiot
One two three anatomy your academy will make a cad of me Flame fame flame fame flame fame flame
Supermodel sandwich can I join your game?
Flame fame flame fame flame fame flame
Supermodel sandwich w/cheese (a funky sandwich vibe) Well Here we go, here we go
Supermodel sandwich w/cheese
Can I have some of that cheese please
Black love flavour doing us all a favour Well Flame fame flame fame flame fame flame
Supermodel sandwich can I join your game?
Flame fame flame fame flame fame flame
Supermodel sandwich w/cheese (very superficial) Black love slicing my cheese
On your knees if you please
Black love flavour doing us all a favour Turned on by the way you move
You're the power I'm the fuse
Turned on by the spunky cool
'Cause you're sex sexual Turned on by the way you grind
The funky move with the jealous eyes
Turned on 'cause I know you're mine
And you're sex sexual
But you're very superficial
You're very superficial
