

# Falco Rides Again

## Falco

This is the story of a lonely man  
Who's seen the world  
From Japan to Afghanistan  
Hey! Ho!  
Everybody thought that I was gone for good  
But I'm back - understood  
Hey! Ho!  
I've been through the snow and the storm  
Felt the cold  
No one to keep me warm  
Agony and pain  
Falco rides again - Bang bang  
I won't break  
I won't bend  
Falco rides again  
It's me and my gang  
I came back just like a boomerang  
I'll fight 'till the end  
Falco rides again  
I've been up, I've been down  
I've been pushed around  
Beated, mistreated,  
Gagged and bound  
Hey! Ho!  
Not a soul in the world thought I would survive  
Took every muscle in my body to stay alive  
Hey! Ho!  
I'll break down the walls  
No more defeat  
I want the taste of victory  
Revenge is sweet  
.. rides again!
