

# Everyday All Night Stand

## Alan Merrill

It's raining so hard today  
Hope the flight's not cancelled out to L.A.  
Not today  
We're on at 7:30  
The customs men are checking  
And I'm dirty (7:30)

I play guitar  
In a rock n roll band  
Traveling hard  
On an everyday all night stand

Bathing in the praises  
Of a thousand girls with anxious faces  
Oooh the praises  
Sweet and strange young ladies  
Come backstage so cool or acting crazy (young ladies)

I play guitar  
In a rock n roll band  
Traveling hard  
On an everyday all night stand

Spreading reputation  
Records gonna break across the nation  
Reputation  
Electric emotion  
Open up your ears and take the potion (emotion)

I play guitar  
In a rock n roll band  
Traveling hard  
On an everyday all night stand

I play guitar  
In a rock n roll band  
Traveling hard  
On an everyday all night stand  
An everyday all night stand  
An everyday all night stand
