Before They Knew

The Butterfly Effect

Were you holding father's hand?
Did your mother bleed
And Understand
How your whole life slipped away?
Fading under grade
Did the world around you fail?
And were you hiding for us all to see?
Did the world around you fails
When it all comes down on meIs it dark within your mind?
Does your body ache for love sometimes?
Is it cold within your room?
Did you pray they'd come back with you?
Did the world around you fail?
When it all come down on meThe answer's
Always here
Beneath your skinI'm not
Coming down
Does it feel like this?
Sometimes
When the world stops turning
Long before they knew
Does it feel like this?
Sometimes
When it all stops working
NowIt's alright
It's alright
It's alright we don't have to think about itIt's alright
It's alright
It's alright we don't have to talk about itAhuh, ahuh, ahuh we don't have to think about it
Ahuh, ahuh, ahuh we don't have to talk about itTalk about itIt's all you ever needThe answer's
Always here
Beneath your skinI'm not
Coming down
Does it feel like this?
Sometimes
When it all stops working
Long before they knew
Does it feel like this?
Sometimes

When the world stops turning aroundIt's alright
It's alright
It's alright
It's alright now
It's alright
It's alright now
It's alright
