I'm Amazed

Jim Brickman

Used to feel like rain fell down
Even in the sun
Every dream I ever had
Always came undone
So how is it possible
I'm in your arms tonight
I'm amazed
How you found your way
To my heart
Drove through the dark
It's so strange how life changes
And suddenly, you're lovin' me
And I'm amazed
I'm amazed
Feel so safe inside your kiss
Like I'm comin' home
I never could imagine this
When I was on my own
Now everything's impossible
When I'm lookin' in your eyes
I'm amazed

That you found your way
To my heart
Drove through the dark
It's so strange how life changes
And suddenly, you're lovin' me
I'm amazed
I'm amazed
A fuller life for me
I can't believe
That after all this time
I'm smilin' again
And I don't know when
I've been more alive
I'm amazed
That you found your way
To my heart
Drove through the dark

It's so strange how life changes
And suddenly, you're lovin' me
I'm amazed, I'm amazed
Ooh, I'm amazed, ooh
