

Sweet Cherry Wine

Tommy James And The Shondells

Come on, everyone we gotta get together now
Oh, yeah, love's the only thing that matters anyhow
And the beauty of life can only survive
If we love one another
Oh, yeah, yesterday my friends were marchin' out to war
Oh, yeah, listen now, we ain't a marchin' anymore
No we ain't gonna fight, only God has the right
To decide who's to live and die
He gave us sweet cherry wine, so very fine
Drink it right down, pass it all around
So stimulin', so intoxicatin'
Sweet cherry wine to open your mind
And everybody's gonna feel so fine
Drinking sweet cherry wine, yes they will
Watch the mountain turn to dust and glow away
Oh, Lord, you know there's got to be a better way
And the old masquerade is a no soul parade
Marchin' through the ruins of time
To save us He gave us sweet cherry wine
Sweet cherry wine, so very fine
Drink it right down, pass it all around
So stimulin', so intoxicatin'
Sweet cherry wine, everybody's gonna feel so fine
Drinkin' sweet cherry wine, yes they will
Oh, sweet cherry wine, so very fine
Drink it right down, pass it all around
So stimulin', so intoxicatin'
Sweet cherry wine, come on
Drink it with your brother
Trust in one another, yeah, yeah
He gave us sweet cherry wine
Drink it right down, pass it all around
People, don't you know the cup is runnin' over?
Yeah, yeah, yeah, oh, oh
Come on, come on, yeah
Ooh, ooh, ooh
