Deal With It

The Crash Poets

We've been together for too long
And we've been through too much
To have the same conversations
You seem to like so muchStill you gotta think I'm cheating
You don't listen well
I don't wanna talk, girl
Why don't you just tell meWhat I, what I gotta do
Girl, to get through to you
So I can ease your mind
It's all about you girl
If you don't know then you have got toDeal with it! I ain't telling you no lies
Girl, deal with it! Tell me why you roll your eyes
Just deal with it! 'Cause you know ain't nobody but you
And you should know, ain't nobody but youI don't really know what's with you
And who's been feeding you lies
What is with the constant questions?
Girl, you really ain't been acting rightI don't thrive off attention
And that won't lead me to stray
How can I make you see
That that doesn't flatter me?
All that I wanna know isWhat I, what I gotta do
Girl, to get through to you
So I can ease your mind
It's all about you girl
If you don't know then you have got toDeal with it! Now I ain't telling you no lies
Deal with it! Tell me why you roll your eyes
Just deal with it! 'Cause you know ain't nobody but you
And you should know, ain't nobody but youLook I told you more than once
And you really gotta understand, girl
That every time that you wanna front
And you start to wonder where I am
I wish you would just stop acting this way
I wish you would just realize that you pushed me awayNobody, nobody, nobody but
Nobody, nobody but you, girl
Nobody, nobody, nobody but
Nobody, nobody but you, girlDeal with it! I ain't telling you no lies
Girl, deal with it! Tell me why you roll your eyes
Just deal with it! 'Cause you know ain't nobody but you
And you should know, ain't nobodyDeal with it! I ain't telling you no lies

Girl, deal with it! Tell me why you roll your eyes
Just deal with it! 'Cause you know ain't nobody but you
And you should know, ain't nobodyDeal with it!
Nobody, nobody, nobody but
Nobody, nobody but you, girl
