Nick Of Time

ZOEgirl

I led a lonesome journey
Full of disdain and fury
I kept my angered yearning
Close to me like fire burningI watched a million chances
Slip through my weathered hands
I almost lost myself when I looked around
There was nobody elseIn the nick of time
You opened up my mind
And suddenly I saw the world much clearerIn the nick of time
You turned my water to wine
And suddenly I didn't feel the fear
Right before my eyesYou showed me there was life that to be found
You're the miracle I prayed about
You were the one to save my life
In the nick of timeI followed habits around
Been swept above off the clouds
But fallen down left shaken
Abandoned by the pills I'd takenI could have kept on going
With no one ever knowing
Who really wants to see
A tired nobody like meIn the nick of time
You opened up my mind
And suddenly I saw the world much clearerIn the nick of time
You turned my water to wine
And suddenly I didn't feel the fear
Right before my eyesYou showed me there was life that to be found
You're the miracle I prayed about
You were the one to save my life
In the nick of timeIn the nick of time
You opened up my mind
And suddenly I saw the world much clearerIn the nick of time
You turned my water to wine
And suddenly I didn't feel the fear
Right before my eyesYou showed me there was life that to be found
You're the miracle I prayed about
You were the one to save my life
In the nick of timeI could not, I could not believe
That You were right there waiting
I never, no, I never dreamed

You'd be right there waiting
Oh, You were there for meIn the nick of time
You opened up my mind
And suddenly I saw the world much clearerIn the nick of time
You turned my water to wine
And suddenly I didn't feel the fear
Right before my eyesYou showed me there was life that to be found
You're the miracle I prayed about
You were the one to save my life
In the nick of time
