

That's My God

Parish Family

That's My God (that's what he does)

Chorus:

That's my God,
and that's what he does
another prayer and there's a healing
another miracle for us.
and the wall that seemed impossible
he moved with just one touch
that's my God
and that's what he does

verse: 1

Ole Daniel prayed
three times and then
prepared for death
in the lions den
but an angel will
the lions obeyed
and the beast became
a lamb that day

(repeat Chorus):

Verse: 2

Killed by the ones,
he came to save
three days inside
a borrowed grave
God's only son
had paid the cost
His blood covered sin
on a crimson cross
Now, death won't stop
eternity
somewhere we shall
forever be
But if on him
we'll just believe
eternal life

we shall receive

(repeat Chorus):

refrain:

and the wall that seemed impossible

he moved with just one touch

thatâ€™s my God and thatâ€™s what he does
