

# Perfectly Flawed

## Otep

If you do this, if you do this  
If you do this you'll never have a chance to try again  
If you do this you'll never have a chance to tryIt's the same sound, same sting  
The same collapse of everything  
It's the same size, same blade  
The same lie, same old veinMy way, my face, my heart  
My race, I'm a mistake  
My way, my face, my heart  
My race, I'm such a disgraceYou're perfectly flawed  
You're perfectly incomplete  
Like cracks in the glass  
And faded photographsYou're perfectly flawed  
You're perfectly incomplete  
Let them come near  
When perfection's the key you needNothing left to lose  
Just try again  
Nothing left to lose  
Just try againIt's the same doubt, the same dream  
It's the same sabotage 'cause I'm the enemy  
It's the same night, same day  
It's the same parasite feeding on the betrayalMy way, my face, my heart  
My race, I'm a mistake  
My way, my face, my heart  
My race, I'm such a disgraceYou're perfectly flawed  
You're perfectly incomplete  
Like cracks in the glass  
And faded photographsYou're perfectly flawed  
You're perfectly incomplete  
A work in progress  
Perfection's the key you needA disguise of self-deception  
Hides my secrets perfectly  
I'm rejecting my reflection  
'Cause I hate the way it judges meDon't you do it  
You're not even you yet  
Don't you do it  
You're not even you yetYou're perfectly flawed  
You're perfectly incomplete  
Like cracks in the glass  
And faded photographsYou're perfectly flawed

You're perfectly incomplete  
A work in progress  
Perfection's the key you need
