In the Meantime

Jessie Chris

Feels to early
But it's time to get up
I don't wanna think about
All the things I have to do

Cause when everyone expects so much
And signs all point to giving up
I put my faith in the days to come
Because I know

In the meantime I'm gonna be eighteen
There's still so much that I haven't seen
I'll enjoy right now cause I know someday
I'm gonna miss this, this in the meantime

People think I'm crazy
for chasing dreams too big
it doesn't scare me
cause I know I'll find my way

when the world feels like its caving in
and I'm feeling like I'm not fitting in
my mind can't take all this craziness
I go back home

In the meantime there ain't nothing wrong
With staying home loving my dog
And these winding roads in this small town I call home
In the meantime

When its dark
and you're lost in the shadows
Don't look back
its only the meantime

When its dark
and you're lost in the shadows
Oh don't look back
its only the meantime

Enjoy right now
cause I know I'm gonna miss this
in the meantime
