

Like Nobody's Around

Big Time Rush

Want you to cry,
Cause your laughin' so hard tonight,
playin' air guitar alright,
were bein who we are,
even if they hate that.

Want you to shout,
at the top of your lungs about
all of our favorite songs outloud,
we'll be singin' along,
even if they hate that.

Turn up the radio,
so what if we lose control
get a little bit rock & roll,
So throw your hands in the air,
come on lets make this count,
it's only you and me nevermind this count,
do the way you do it,
do it like nobody's around.

So put your hands in the air,
come on waste no time.
It doesn't really matter if it's wrong or right,
do the way you do it,
do it like nobody's around.

We can do it like nobody's around..

Turn up the radio,
so what if we lose control
get a little bit rock & roll,
So throw your hands in the air,
come on lets make this count,
it's only you and me nevermind this count,
do the way you do it,
do it like nobody's around.

So put your hands in the air,
come on waste no time.
It doesn't really matter if it's wrong or right,
do the way you do it,
do it like nobody's around.

We can do it like nobody's around..

Wo-o-o-oah, we can do it like nobody's around.
Wo-o-o-oah, we can do it like nobody's around.
Wo-o-o-oah, we can do it like nobody's around.
Wo-o-o-oah, we can do it like nobody's around.
We can do it like nobody's around.
