

# She's a Mean Woman

**B.B. King**

I've got a mean woman and she's always doing me wrong  
Yes, you know she's mean and she's always doing me wrong  
I believe to my soul, I've gotta leave my home She is a mean woman, oh, she never treats me right  
Oh, mean and evil woman and she never treat me right  
I only go around every day and don't come home, I Lord, if only, only she would treat me fair  
Oh, if I could get my baby, if could only get her to treat me fair  
Oh, she would own me, yes, she would own me anywhere
