

Total Freedom

Andrew W.K.

We didn't care at all about
Who had more or who
Came from less or was
Rich or poorWe didn't care at all about
Who got first or who
Got here last or was
Best or worse
Total freedom
We had total freedom
And we didn't care at all about
Time going fast or if
We could get ahead or if
We would miss the past
We didn't care at all
No we
Didn't care at allWe had total freedom
Total freedom
(We didn't care at all, we didn't care at all)We didn't care at all about
What other people thought or if
We could pass the test or if
We were cool or not
Total freedom
We had total freedomAnd we didn't care at all about
Following the crowd or if
They said we look like fools
Or if they said we laughed too loud
We didn't care at all
No we didn't care at allTotal freedom
We had total freedom
(We didn't care at all, we didn't care at all)
