

# Frozen Smiles

## Crosby & Nash

I tried to reach beyond the walls you're livin' in  
As a friend I flew a long way for a friend  
But the way you treated me made me feel like givin' in  
I don't know if I'll break or only bend  
You're supposed to be my friend And if you carry on the way you did today  
All the music in my veins will turn to stone  
All the fakin' of your friendship doesn't make it anyway  
Does it get you off to act so all alone  
It'll chill you to the bone So my advice to you is not to take advice  
From the dealers who are handin' out the cards  
Take your life into your own hands  
Just have faith in who you are  
And all your goodness that I'm forced to disregard  
Because you make it much too hard
