

Midnight Crawler

R. Scott

Tonight, why don't we cut the talkin'
Baby we could do the do
Like midnight crawlers, creepin' in the garden
I wanna take a little roll with you

I know, you like to go out dining
Tonight let's just lie around
Two midnight crawlers, rollin' in the garden!

I wanna take a midnight crawl with you
I wanna take a midnight crawl with you

I wanna take a midnight crawl with you
I wanna take a midnight crawl with you

Tonight let's take a little walk dear
Nothing on except for tainted smiles
We could find our own dark little corner!

I know you like the wine and dine dear
Missy, let's get to the do
12:47, I'm still hangin' around here?

You're always squawkin' about the things you want
until I wanna start knocking you around

Two midnight crawlers, playing in the garden
Who would've known it'd be the end of you!
