

Start Again

Dinosaur Pile-Up

memories turning into cemeteries in your head
nothing matters anyway, does it?
i don't know 'cause maybe i've been losing my mind
maybe i've been dreaming and i'm racing my time
maybe i'm a dead-end road, would i?
worse or better
stay together
on and on it's hard to start again
start again
start again
i don't wanna
start again
start again
mysteries tearing
you are by the histories changing
always and for ever was a myth
i don't know 'cause maybe i've been losing my mind
maybe i've been dreaming and i'm racing my time
maybe i'm a dead-end road, would i?
worse or better
stay together
on and on it's hard to start again
start again
start again
i don't wanna
start again
start again
worthless gesture
priceless treasure
wait forever
i can't _ this
the better it gets and the worse it hurts
and, on and on it's hard to start again
start again
start again
hey
start again
start again
yeah, i don't wanna

start again
start again
yeah, i don't wanna
start again
start again
i don't wanna
