

Live To Worship

Joy Williams

A simple offering is all that we bring
We give you our life
Claim you as king
We are you service and before you we bow
With every breath we make this foul

Chorus:

We will live to worship
Give you praise
With all our hearts
For all our days
Father we want to do
What you created us to
We will live tom worship you
Our every moment
Is a gift of our grace
We are all yours
Now and always
More than just words oh
lord cry of our hearts
Cause let our lifes be
How great you are
We will live to worship
Give you praise
With all our hearts

For all our days
Father we want to do
What you created us to
We will live to worship you

Holy,

You are worthy
You are lord
I deserve you

Holy,

You are worthy
You are lord
I deserve you

We will live to worship
Give YOU praise

With all our hearts
For all our days
We want to do
What you created us to
We will live to worship you
We will live to worship
Give you praise
With all our hearts
For all our days
We want to do
What you created us to
We will live to worship you
