Wrath From Above

Immortal

Again from above the
Gate we stride at hand
Leading the charge
Into battle
Ravaging the lands
Our black sparkling
Windrippled stepsShadows flow on the
Eyes
Celebrating death
Again from beyondOur realm
The moon is setting
We come forth
On a grim world
Swallowing the sun
The thundra
Shades gather on
Who once walked the
Ascend from the gods
EarthBefore the might
Of our wrath
Hear the mighty sound
Of damnation
Of dust all lands will
Lay in a savage of chaosBefore the menace
Strike you all
By the blaze of
Glorious victories
Before batallions storm
You allHear the mighty sound
Of damnation
Again from above the
Into battle
Gate we stride at hand
Leading the charge
Ravaging the alnds
Shadows flow on
The windrippled steps
Our black eyes sparkle
Celebrating death
