I'm Not Afraid

Remy Zero

Tonight
We can no longer fight.
We could never
Return to what
We bagan.

To see.
Through the eyes
Of poor heaven.
Would you ever
Return to in the a.m.?

I'm not afraid
Of you
At all.
You turned away.
They will all fall.

Tonight
We can no longer try.
All the time
I cried,

I want you again.
No one has heard this.
No voice resounds.
No one is around.

I can't believe it.
What I have become.
No one,
It's over now.

I'm not afraid
Of you,
At all.
I'm not afraid

Tonight, all the stars
Glowing bright,

I know I'll
Reach that light,

Again
Again
Again
Oh, again.
