Better Give Up

Atb

Shouldn't I Forget
Or should I change my life instead
Before it's changing me?
Words stuck in my head
Silence is another thread
Taking control of me

You'd better give up to get hold of me
Don't waste your time cause
It's emergency, you'd better give up
Don't you act so selfishly
I'm not, not over you yet
I'm not, not over you yet

You'd better give up to get hold of me
Don't waste your time cause
It's emergency, you'd better give up
You'd better give up
I'm not, not over you yet
I'm not, not over you yet

I'm not, not over you yet
I'm not, not over you yet

Shouldn't I forget
Or should I change my life instead
Before it's changing me?
Words stuck in my head
Silence is another thread
Taking control of me

You'd better give up to get hold of me
Don't waste your time cause
It's emergency, you'd better give up
Don't you act so selfishly
I'm not, not over you yet
I'm not, not over you yet

You'd better give up to get hold of me
Don't waste your time cause

It's emergency, you'd better give up
You'd better give up
I'm not, not over you yet
I'm not, not over you yet
